

Submitting your exam solutions

Mattias Villani

You can submit your exam solutions using *either*:

- html
- pdf (works since late October)

Below are instructions for each type of file.

! Files can only be submitted from the **Downloads** folder

Submission of exam files can only be done from the **Downloads** folder, so save or move all files you want to submit to the **Downloads** folder.

html

When you render to html (`format: html` after `author:` at the top of your Quarto/R Markdown file) RStudio produces a html file and a folder in the same directory containing figures and other things. **You need to submit both the html file and this folder with graphics.** To do this
